Samy Medical Practice
Family Owned, Bulk Billing

Trinity
Mental Health Services

ADHD Appointment Process & Prescribing Pathways

Eligibility & Bulk Billing Requirements

Our ADHD services are for **adults (18+ years old)**. To access our **bulk billing program**, you must:

- **Transfer your primary GP care** to Samy Medical Practice for continuity of care.
- **Sign up for MyMedicare** (via this link) once eligible.

Cancellation Policy: Call the practice at least 2 hours before your appointment to reschedule. Failure to do so may result in losing future appointment privileges.

1. Seeking New Diagnosis (Regular Patients)

If you are a regular patient and need a formal assessment:

- Attend **3 to 4 bulk-billed assessment consultations** or depending on doctor's discretions.
- After all the assessment you will be seen by our Senior GP for your formal diagnosis.

2. Existing Diagnosis (Regular Patients)

If you already have a diagnosis and are a regular patient:

- **Complete the** MyMedicare Form.
- Continue management with your Samy Medical Practice GP, we will need the management plan from your psychiatrist.

3. New Patients Seeking Diagnosis

To enter the bulk billing program, **submit these forms** before or on your first visit:

- Please note that we are only seeing patients who don't have ADHD diagnosis.
- New Patient Consent Form
- MyMedicare Form (once eligible)
- Transfer of Medical Records Form (include Photo ID)

Important: Your medical records must be received on or before future ADHD appointments.

Booking & Availability

Once accepted with the program we will contact you to book you an appointment for your 1st assessment.

Notice for Referrals and New Patients with Prior Diagnosis

We **cannot** currently accommodate:

- New patients with a prior diagnosis from another practice.
- Referrals from external GPs or organizations.
